

# Lady Bird Fingerpuppet

**Materials:** (to make 1)

Red Felt  
Black Felt  
Moving eyes  
Needle and Thread  
Craft Glue  
Stamen

## **Method:**

1. Cut body (x2) out of red felt.
2. Cut out four legs, head and approximately 6 spots out of the black felt.
3. Glue legs and head to the back of one of the red bodies.
4. Glue spots to the other side of this body.
5. Place the two bodies together and sew around the edge leaving a gap between the two back legs for fingers.
6. Glue eyes onto the head and fold the stamen in half and glue this to the back of the head for antennae.
7. A thin triangle of black felt can be glued down the centre on the lady birds back to separate the wings.
